

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

Gibbs of the Legislature

by Resolve 30 July, 1847

RULES AND REGULATIONS
OF THE
MAINE STATE LIBRARY.

Books may be taken from the Library by the Governor; Members of the Council, Senate, and House of Representatives; Heads of Departments; Judges of the Judicial Courts; Secretary and Members of the Board of Education, and the Superintendent of the Insane Hospital.

The privilege to the Members of the Legislature, Board of Education and its Secretary, is limited to the time they may be in session.

No person shall be permitted to have charged against him, upon the Librarian's books, more than three volumes at any one time, nor shall be suffered to retain the same more than three weeks.

No law works (excepting those of the State of Maine), nor books presented by the United States or any other State, or received through Vattemare's Exchange, shall be taken from the Library, except for the use of the two Houses and the Committees at the Committee Rooms during their sessions.

Every person shall be answerable for all damages done by him to any book; and in case of the loss of any volume belonging to any set, he shall procure a new volume or pay the value of the set.

Actions for the loss or damage of any book may be brought by the Secretary of State, in his own name, for the use of the State.

Census Documents.

Census of the United States for 1820, with the proportional number of each sex, color, age ; condition in life, as heads or members of families, free or slaves, citizens or foreigners ; and the number engaged in agriculture, commerce, manufactures, &c. 1 vol., Case.

Fifth Census: or enumeration of the inhabitants of the United States for 1830, with the proportional number of each sex, color, age, free or slaves, foreigners or citizens, deaf and dumb or blind, &c. ; to which is prefixed a schedule of the census of 1790, 1800, 1810, 1820. 1 vol., Case.

Sixth Census: or enumeration of the inhabitants of the United States for 1840, with the proportional number of each sex, age, color, free or slaves ; number employed in mining, agriculture, commerce, the learned professions and engineering ; number of revolutionary and military pensioners, deaf and dumb, blind, insane, idiots ; universities and colleges, academies and grammar schools, common and primary schools, students and scholars ; and number of white persons over twenty years of age who cannot read and write, &c. 1 vol., Case.

Statistics of the United States, showing the aggregate value and produce ; and the number of persons employed in mines, agriculture, commerce, manufactures, &c. ; exhibiting a full view of the pursuits, industry and resources of the different States and Territories, as collected under the act for taking the sixth census, 1840. 1 vol., Case.

Compendium of the enumeration of the inhabitants and statistics of the United States, as obtained from the returns of the sixth census, 1840; exhibiting the population, wealth and resources of the country; with tables of the different representative apportionments; and abstracts of each preceding census. 1 vol., Case.

Statistical view of the population, &c., of the United States, showing the relative increase of the military strength; the free and slave population, and citizens and foreigners; the aggregate population at different periods; the number of votes given for presidents and vice presidents; also statistics of taxation, clergy, roads and bridges, value of labor, subsistence, paupers, education, public libraries, public journals, &c., from 1790 to 1830 inclusive. 1 vol., Case.

Census of pensioners for revolutionary or military services, with their names, ages, places of residence, &c., as returned by the sixth census, 1840. 1 vol., Case.
